For papers marked with an * instead of a page number, please refer to the Proceedings CD-ROM

Monday, 1:30 pm – 2:45 pm

M102 **Automated Inspection - Is It Worth the Cost?**

Automated Inspection: Manufacturing Quality Analysis 1
Mollie Brown, Eli Lilly & Company

M103 **Using Internal Auditing to Mitigate Risk from the Sarbanes-Oxley Law**

Using Internal Auditing to Mitigate Risk from the Sarbanes-Oxley Law 7
Sandford Liebesman, Sadnford Quality Consulting, LLC

M104 **Using ISO Standards to Improve Global Competitiveness - Part 1**

ISO 9000 Future Trends 15
John E. West, Silver Fox Advisor

Benchmarking Sector Specific Standards 19
Lawrence A. Wilson, Wilson & Associates

M110 **Aligning Quality Management Systems in Healthcare to Achieve Organizational and Business Success**

Aligning Quality Management Systems in Healthcare to Achieve Organizational and Business Success 29
Ronald Berglund, Management Resources, Inc.

M112 **Quality Initiatives and Trends in the Housing Industry**

Quality Initiatives and Trends in the Housing Industry 41
Stan Luhr, Quality Built

Quality Management in Wood-Frame Construction - A Modern Approach to Traditional Concepts 51
Brian Palmquist, Eco-Design Architecture

M113 **Trust Imperative: Productive Relationships & Performance**

Trust Imperative: Productive Relationships & Performance 61
Stephen Hacker, Transformation Systems International, LLC

M114 **The Economics of Quality**

The Economic Case for Quality Information Sheet 69
John Bauer, QA/QC Pittsburgh
William Denney, Examination Management Services, Inc.

Monday, 3:30 pm – 4:45 pm

M201 **The Ultimate Product Failure - Product Liability!**

Are You Ready to Defend Your Product in Court? 77
Bud Gookins, Strategic Quality Consulting

M203 **Lean Six Sigma in an Aluminum Mill**

Lean Six Sigma Implementation at Logan Aluminum 81
Joe Park, Logan Aluminum, Inc.

M204 **Using ISO Standards to Improve Global Competitiveness - Part 2**

ISO Quality Management Standards – A Growing Family 85
Dan Harper, Harper Quality Advisors

M206 **Virtue Matrix of High Performance Work Systems**

Virtue Matrix of High Performance Work Systems 87
Geeta Bharadwaj, Indian Merchants' Chamber

M209 **The Why, What, Who, When, and How of Software Requirements**

The Why, What, Who, When, and How of Software Requirements 97
Linda Westfall, The Westfall Team

M210 **A Simple Model for Quality Management System Implementation in Healthcare Organizations and Services**

A Simple Model for Quality Management System Implementation in Healthcare Organizations and Services 105
Lucia M. Berte, LMB Quality Consulting

M212 **Construction Industry Quality Tools**

Channel Tunnel Rail Link – A Lean Construction Implementation Case Study 111
Fernando Espana, Glenn Ballard, and Andre Koerckel
Strategic Project Solutions, Inc.

M214 **Improving Quality Using Business Acumen**

Improving Quality Using Business Acumen 121
Celeste Null, Intel Corporation

M215 **Contented Cows Give Better Milk: Your People, Your Profits**

Contented Cows Give Better Milk: Your People, Your Profits 127
Richard Hadden, Contented Cow Partners, LLC

Tuesday, 9:15 am – 10:30 pm

T101 **Understanding the Buzz Around E-Learning: Searching for Faster/Better/ Cheaper Learning – Effectiveness of E-Learning Techniques**

Understanding the Buzz Around E-Learning: Searching for Faster/Better/ Cheaper Learning – Effectiveness of E-Learning Techniques 131
Roderick Munro, RAM Q Universe, Inc

T102 **Auditing of Food Quality Systems**

Food Safety Auditor Certification 145
Steven Wilson, USDC Seafood Inspection Program

T106 **Value Engineering, Systems Thinking and TQM Sustainability an International View**

Quality and Value: Convergence of Quality Management and Systems Thinking 149
Dr. Tito Conti, Organizational Assessment Mgmt s.a.s.

Putting Value Back Into Engineering 163
Greg Watson, Business Systems Solutions, Inc.

TQM Sustainability: How to Maintain it's Gains through Transformational Change 175
Prof. Mohamed Zairi, University of Bradford School of Management

T108 **Waiting for the Right Q: Cultivating a Quality Culture that Could Keep the Maritime Industry Afloat!**

Doron Zilbershtein, Society of Naval Architects and Marine Engineers

T110 **Process Management/IWA-1 Mini-Workshop**

Process Management/ IWA-1 Mini-Workshop 197
Mickey Christensen, TQM Systems
Daniel Reid, General Motors Powertrain

T111 **Applications of Improvement Techniques in Service Industries**

Using Quality & Six Sigma in a Financial Solutions Company 199
James Bossert, Bank of America

T113 **Competiting Through Passionate and Relevant Service**

Competiting Through Passionate and Relevant Service 201
Jeff Israel, SatisFaction Strategies, LLC
Wayne Vandekraak, Solvport, LLC

Tuesday 10:45 am – Noon

T202 **ISO 22000: Requirements for Food Safety Management Systems**

ISO 22000: Requirements for Food Safety Management Systems 211
John G. Surak, Clemson University

T203 **International Construction Industry Quality and Innovations**

Best Practice in the Construction Supply Chain 217
Marton Marosszeky, University of New South Wales

T204 **Approaches to Achieving Continual Improvement**

Challenges for the Tier 1 Major Integration Supplier: Vought Aircraft's Perspective 229
Doug French, Vought Aircraft Industries, Inc.

T205 **PCR Process Iptimized via Split-Plot DOE**
PCR Process Iptimized via Split-Plot DOE 231
Pat Whitcomb and Shari Kraber, Stat-Ease, Inc.

T206 **Utilizing Customer Perception Measurement for Quality Improvement in International Markets**

Utilizing Customer Perception Measurement for Quality Improvement in International Markets 239
Rella Jeffries and Patrick Sells, Alexandria Marketing Research Group, Inc.

T207 **People & Performance Excellence: How to Build a People-friendly High-performance Culture**

Launching the Teamwork & Participation Forum (Recreating AQP) 245
Robert J. Scanlon, Transportation Security Administration

T209 **Data - An Unfolding Global Disaster**

Data - An Unfolding Global Disaster 251
Thomas C. Redman, Navesink Consulting Group

T212 **Safety and Quality in Environmental Restoration**

Impacts of Safety and Quality in the Hanford Cleanup 253
Steve Prevette, Fluor Hanford

T213 **The Lean Journey at the Boeing Company**

The Lean Journey at the Boeing Company 263
Pilla Leitner, The Boeing Company

T214 **Hoshing Planning for Project Selection**

Hoshin Planning for Project Selection 273
David A. Gels, Philips Medical Systems

Tuesday, 3:30 pm – 4:45 pm

T301 **How Washington State Brought Performance Excellence to the Public Sector**

Bringing Performance Excellence to the Public Sector: Washington State's Odyssey 279
Mary Campbell, Office of the Governor

T303 **Managing Quality in Mega Projects**

Managing Quality on Transportation Mega Projects 289
Lee Pantazides, Siemens Transportation Systems, Turnkey Systems

Comprehensive Quality Assurance for Rapid Transit 299
Hamid Qaasim, Sound Transit

T304 **Emerging Concepts in Nondestructive Evaluation**

Emerging Concepts in Nondestructive Evaluation: Imaging Composite on F-35 309
Kevin McGushion, Excel Orbital Systems, Inc.

T307 **Breakthroughs through Collaboration: Statistical Solutions in Multidisciplinary Teams**

Right First Time: Risk Assessment and Process Understanding 323
Kelly Canter, Pfizer, Inc.

VSP Software for Environmental Sampling and Decision Making 325
Craig A. McKinstry, Brent A. Pulsipher, Richard O. Gilbert, and John E. Wilson
Pacific Northwest National Laboratory

Exploring Large Experimental Design Space 331
Andrea R. Swickard, L. Eric Smith, Alejandro Heredia-Langner, Glen A. Warren,
Edward R. Siciliano, Steven D. Miller, and Kenneth D. Jarman
Pacific Northwest National Laboratory

Statistical Analysis of Noisy Signals Using Classification Tools 333
Sandra E. Thompson, Alejandro Heredia-Langner, Timothy J. Johnson,
Nancy S. Foster, Nancy B. Valentine, and James E. Amonette
Pacific Northwest National Laboratory

T310 **Application of Healthcare-Focused Error Proofing: Principles and Solution Directions for Reducing Human Errors**

Application of Healthcare-Focused Error Proofing:Principles and Solution Directions for Reducing Human Errors 335
Timothy Clapp, Takeshi Nakajo, A. Blanton Godfrey, Chad S. Seastrunk,
North Carolina State University

T314 **Quality Leadership Situational Style**

Quality Leadership Situational Sytle 341

Petroleum Company of Trinidad and Tobago Limited

Wednesday, 10:45 am – Noon

W103 **Construction Quality Manager Body of Knowledge**

Construction Quality Management System 353
John Hart III, US Army Corps of Engineers

W104 **Statistical Tools Used in Defining and Achieving Aerospace Quality**

System Reliability through Fault Tree Analysis 361
Tom Bingham, The Boeing Company

W106 **Quality and Business Excellence Awards: An Overview of Programs in the World**

Quality and Business Excellence Programs in the World 371
Dr. Paulo Miguel, UNIMEP

W107 **Purpose + Teamwork = SUCCESS**

Purpose + Teamwork = SUCCESS 383
Judith Williamson and Uriel Martinez, Napoleon Hill World Learning Center –
Purdue University, Calumet

W108 **Quality Characteristics and Other Missing Links**

Quality Characteristics and Other Missing Links 389
Daniel Reid, General Motors Powertrain

W112 **Quality in the Tree Production Supply Chain**

Environmental Quality of Residential Construction: The Role of Processes,
Products, and Design 391
Bruce Lippke and John Perez-Garcia, University of Washington

W114 **Future Challenges for Quality Champions**

Future Challenges for Quality Champions 401
Lloyd Barker, Alcoa

Wednesday, 12:15 pm- 1:30 pm

W201 **Lessons Learned from Washington State's Performance Excellence Process**

Using Baldrige-Based Self-Assessment to Drive Public Sector Agency Performance 403
Wendy Fraser, Washington State Department of Revenue

When the "Customer" is Not Always "Right" 413
Dee Peace Ragsdale, Washington State Department of Ecology

W203 **Quality Tools**

Designing and Implementing Balanced Scorecards for the Architectural Firm 417
Cliff Moser, RTKL Associates Inc.

W204 **Defining Best-In-Class Processes as NASA**

Defining Best-In-Class Processes as NASA 427
Tim Olson, Quality Improvement Consultants, Inc.
Dr. John Kelly, NASA, Office of the Chief Engineer

W206 **Competitive Intelligence**

Competitive Intelligence Overview: Feeding the Competitive Analysis Process 441
Clay Hodges, Virginia Plastics Company

W209 **Medical Device Software Risk Management**

Update on DQRI Validation Team 447
Sue Carroll, SAS

W210 **Using Six Sigma to Lower Medical Costs, while Improving Patient Service and Outcomes**

Focusing the Power of Six Sigma in the Healthcare Insurance Industry: Lowering Medical Costs while Improving Patient Service and Outcomes 449
Leslie Behnke, CIGNA Corporation
Forrest Breyfogle III, Smarter Solutions, Inc.

W211 **Six Sigma Diversity in Finance**

Six Sigma Diversity in Finance 457
James Bossert, Bank of America

W214 **Risk Models to Improve Long Term Care Medication Safety: Implementation of Sociotechnical Probability Risk Assessment in the State of Oregon Health System**

Risk Models to Improve Long Term Care Medication Safety 459
Margaret Murphy Carley, Oregon Health Care Association
Sharon Conrow Comden, Ph.D.

W215 **Total Productive Maintenance and Reliability for Production Equipment**

Production and Production Equipment 479
Dan O'Leary, Ombu Enterprises, LLC

2nd Annual Student Technical Paper Competition

Quality Improvement of Complex Systems 487
Amar Raja Thiraviam, University of Central Florida

Factor Study of Human Reliability and Industrial Productivity: Comparison of Food Delivery System 495
Amardeep S. Isher and Hemendra Bhal, Kent State University

Predicting Torque and Fuel Rate with CAN Data 503
Gabriel C. Smith, Dennis G. Washington, Tony V. Harrison, and Richard W. Steffen
Southern Illinois University Carbondale

Reducing Human Variations – An Approach for Improvement in Service Sector 513
Amardeep S. Isher, Kent State University

A Relational View of Quality Management in Strategic Alliances: A Learning Perspective 527
Mahour Mellat Parast, University of Nebraska-Lincoln

Kano Model – Manage Quality through Measurement 557
Hareash Nandalal Vontivilu

Reliability and Accelerated Testing 567
Robert Boman, University of Central Florida

A Mulitple-Case Comparison of Lean Six Sigma Deployment and Implementation Strategies 581
Peter O'Rourke, Air Force Institute of Technology

Controlling Hospital-Associated Rotavirus Infection: An Industrial Engineering Approach 593
Naveen Kumar, University of Washington

Measurement System Acceptability Criteria 605
Mukul S. Patki and Kenneth E. Case, Oklahoma State University
